C. Haul Route Permit

Haul Route Permit Filing Fee \$105.00

Haul Route Permit Required: For any construction-related hauling which totals
more than 4,000 tons of materials including, but not limited to, soil, concrete,
demolition debris, steel, or any other building or construction material.

Haul Route Impact Fee: This fee shall be computed using the table below. This
table is based on cost for 1997. For years after 1997, the Engineering News
Record's "Construction Cost Index" shall be applied as a multiplier to adjust the
fee.

1997 Haul Route Impact Fees	Arterial	Collector	Residential
Thin Overlay 100 < PCI < 50 (50 points)	0.0914	0.0914	0.0914
Thick Overlay 50 < PCI < 25 (75 point)	0.1048	0.1012	0.0977
Reconstruct Surface 25 < PCI > 0 (100 points)	0.1855	0.1508	0.1159

The PCI change is the difference between the Pre-construction PCI and the Post-construction PCI. For haul routes in use for over one year, a PCI discount will be applied against the PCI change as listed below:

Treatment Category	PCI Discount
Thin Overlay	2.5 points per year
Thick Overlay	3.0 points per year
Reconstruction	3.3 points per year

If the Post-construction PCI is higher than the Pre-construction PCI, the PCI change shall be considered to be zero.

Additionally, the Contractor shall be responsible for maintaining all haul routes in a serviceable condition by repairing all potholes and other defects affecting general serviceability throughout hauling activities as directed by the City Engineer.

D. Restrictions on Encroachment

No non-emergency encroachment shall be allowed in any street that has been overlaid with asphalt within the previous five years. In the event an emergency has caused an excavation in such a street, the Encroachment Permit fee shall be increased by the amount of \$1.00 per square foot of patch for every year (or portion thereof) remaining of the aforementioned five year period.

No non-emergency encroachment shall be allowed in any street that has received a seal coat within the previous two years. In the event an emergency has caused an excavation in such a street, the Encroachment Permit fee shall be increased by the amount of \$1.00 per square foot of patch for every year (or portion thereof) remaining of the aforementioned two-year period.
